

# Best-in-Class Financials for Nonprofits

Efficiency and performance. If you are a financial professional in a nonprofit, these are your keys to success. Sage Intacct was built to give you those keys, and to do it better than anyone else. First, we automate your processes to increase accuracy, improve compliance, and ultimately make your organization run better every day, every week, every month. Second, we give you the insight into your financial and operational data to help you make strategic decisions, and the flexibility you need to act fast. The ultimate benefit? You can drive down costs while pursuing your organization's mission.

- Fund Accounting
- General Ledger
- Accounts Payable
- Accounts Receivable
- Purchasing
- Reporting & Dashboards
- Multi-Entity & Global Consolidations
- Grant Management

## Four reasons Sage Intacct is built for your organization

**Built for nonprofits** — Nonprofits face unique challenges. Sage Intacct brings greater efficiency and managerial visibility to program and project management, fund accounting, complex reporting needs, and more.

**Built for finance** — Choose a partner that spends every R&D dollar on providing value to the modern financial professional.

**Built for the cloud** — Give your team the advantage of a true, modern cloud solution. Sage Intacct is easy to use, works anywhere, and connects easily with other best-in-class solutions.

**Built for success** — Expect great results with Sage Intacct. On average, our customers achieve a 250 percent ROI and a payback period of less than six months.

Your best choice—but  
don't take our word for it

“Cash is king in our world, and with Sage Intacct's outstanding ability to handle our grant management needs, we now have a real-time view of all our assets and what's driving our revenues—which wasn't possible with the cumbersome Excel-based process we used before.”

—Michael Mohr, CFO,  
Women's World Banking

## Automation lets you do more with less—and do it more effectively

What makes Sage Intacct the best nonprofit accounting software? With automated workflows that support multiple entities, locations, and currencies, Sage Intacct makes your core financial operations faster and more efficient. Cut the time to manage fund accounting by as much as 90 percent and improve finance productivity by 25 percent or more.

## A clear picture

You can't manage what you can't see. That's why Sage Intacct nonprofit accounting software provides a complete view of the consolidated numbers, summaries, and details you need to optimally manage your organization. With real-time visibility, you can proactively manage key initiatives, take action, and improve outcomes across funding sources, locations, grants, programs, and other dimensions.

## Industrial-strength takes on new meaning

Your nonprofit is unique. Don't settle for a "one-size-fits-all" financial application. Sage Intacct is a highly flexible, powerful cloud accounting solution that adapts to your workflows and reporting requirements. And it connects easily with other best-in-class, industry-specific solutions to give you a truly tailored solution.

## Efficient grant management

Grant management is a breeze with Sage Intacct Project Accounting. Whether you are renewing grants, managing reporting, or invoicing funders, Sage Intacct gives you real time visibility, tracking, and reporting—right at your fingertips.

“Sage Intacct has supported Mozilla as we've expanded to over 20 countries internationally, and worked seamlessly with all our world-class cloudbased applications. As a result, we can focus on being true strategic partners to our global product leaders and leverage Sage Intacct's transparent, web-based financial information for key insights like our new product line profitability financial management reporting.”

—Jim Cook, CFO,  
Mozilla Foundation
